## My Profile

I'm passionate about creating meaningful experiences through design. If you have a project that needs some amazing skills, I'm your person.

## Education

**2022–2024**   **11–12**

Completed my 11th and 12th standard education from School of Scholars, where I built a strong foundation in science and mathematics. My time there sparked my interest in technology and problem-solving.

**till 2028**   **B-Tech Degree**

Enrolled in the B.Tech program at MIT Academy of Engineering, focusing on developing technical skills and real-world problem-solving abilities.

## Experience

**APRIL 2025**   **Contest - DATATHON**

**Frontend Developer**

ook part in a Datathon focused on solving practical challenges using data analysis and visualization

**MARCH 2025**   **Contest - CODESPRINT**

**Secured 1st RANK**

Secured 1st rank in CodeSprint, a competitive coding contest that tested algorithmic thinking and problem-solving speed

**APRIL 2025**   **Contest - TECH-SPRINT**

**Secured 5th RANT**

Ranked 5th in Tech Sprint, a coding challenge that tested logic, algorithms, and time-bound efficiency.
